

## Night of Lights Christmas Parade

Theme: "Giving Thanks" - Thessalonians 5:18

Friday, November 26, 2021

I understand that all entry floats, vehicles, bikes, and even those who are walking will have at least 30% coverage in festive lights, **THE MORE LIGHTS THE BETTER!**

The Historic Granbury Merchants Association reserves the right to refuse any entry that is **NOT** lit up **SUFFICIENTLY**.

There are several options in the way entries are lit up. One is, and "inverter" that can simply be plugged into your cigarette lighter, therefore converting your D.C. car power to A.C. plug-in for an appliance: i.e., Christmas lights, etc. Those walking can buy inexpensive battery powered necklaces and bracelets.

You can order from Amazon or check with your favorite box store or auto supply merchant to purchase. Please consider buying one with at least 200 watts and (2) two plugs, for brighter and more ample lighting. These range anywhere from \$20 to \$40. Larger floats and trailers of course may need to use generators for proper required lighting and/or musical speakers, instruments etc.

Thank you for your participation and compliance. The images below are samples: there is a great selection on Amazon.

### Please Sign X \_\_\_\_\_

I acknowledge that all entries/participants be "Lit Up" with at least 30% holiday lights.

*Thank you for being a part of this year's "Night of Lights Parade and making it the best ever!*
